Subject: ANTIBIOTICS IN ANIMAL FEED
Auto forwarded by a Rule

Dear Commisioner Henney:

As a member of CSPI, I urge you to save human lives by banning the use of medically useful antibiotics in animal feed.

Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. That can leave physicians with no way to treat life-threatening bacterial infections in humans. That is why I support the petition filed by CSPI.

Thank you.
